

Funded by the European Union

TAIEX TRATOLOW Sectoral Workshop on use of UNFCCC CRF software web application – tool for preparation reporting tables

organised in co-operation with

Transition towards Low Emissions and Climate Resilient Economy in the
Western Balkans and Turkey (TRATOLOW)

20th – 21st July 2022

Vienna, Austria

Austria Trend Hotel Ananas, Rechte Wienzeile 93-95,
Eingang: Sonnenhofgasse 8-10, 1050 Wien

Beneficiary:

Albania, Bosnia and Herzegovina, Kosovo*, Montenegro, Serbia and Türkiye

TRATOLOW 81744

Aim of the Workshop:

The objective is to provide advice and guidance to the national Greenhouse Gas (GHG) inventory teams for each sector on the filling of CRF tables by using the latest available CRF software web application, including linkages to calculation files, and quality control procedures. The CRF file for one year consists of 96 tables covering summary information, sectoral emission tables, indirect emissions, key categories, information on notation keys, recalculations, methods and emission factors used, trend tables, improvements and Kyoto Protocol specific tables (supplementary information for land use, land-use change and forestry activities under the Kyoto Protocol).

Sector experts from beneficiary countries will be especially made familiar with the corresponding CRF tables to ensure that the necessary background data is collected, together with data for calculating emissions at the required level of disaggregation for reporting.

A focus will be that all participants understand the different notation keys and their purpose, whereby the definitions and explanations provided in the “2006 IPCC guidelines for National Greenhouse Gas Inventories” and the “Good Practise Guidance and Uncertainty Management in National Green-house Gas Inventories” are the basis.

EU Member State Speakers:

- Ms Michaela **Gager**, Environment Agency Austria
- Mr. Stephan **Poupa**, Environment Agency Austria

Other Speakers:

- Ms Violeta **Philippitsch**, TRATOLOW Team Leader

DAY 1: Wednesday 20th July 2022

Chairs: Ms Michaela **Gager** and Mr. Stephan **Poupa**

Venue: Austria Trend Hotel Ananas

8:30 – 9:00	Arrival and registration
9:00 – 9:15	Welcome by Management of Environment Agency Austria
9:15 – 9:45	Opening remarks and discussion of open questions regarding CRF reporter
9:45 – 10:00	Demonstration of the CRF Reporter, Features & Functionalities
10:00 – 10:15	CRF Reporter Data Entry & Import/Export Features
10:15 – 10:45	EXCEL Export/Import
10:45 – 11:00	<i>Comfort Break</i>
11:00 – 12:15	National database bulk import (XML)
12:15 – 13:15	<i>Lunch Break</i>
13:15 – 14:00	Completeness & consistency checks integrated
14:00 – 15:30	Data checks integrated: KCA results, QA/QC, Recalculate
15:30 – 16:30	Discussion of the situation in countries and Q&A session
16:30	End of Day 1

DAY 2: Thursday 21st July 2022

Chair: Chairs: Ms Michaela **Gager** and Mr. Stephan **Poupa**

Venue: Austria Trend Hotel Ananas

09:00 – 09:30	Sectoral training: Energy – Fuel Combustion (1.AA Sectoral Approach)
09:30 – 09:45	Sectoral training: Energy – Fuel Combustion + Fugitive Emissions from Fuels (1.AB Reference Approach, 1.AD Feedstocks, reductants and Other non-energy use of fuels, 1.B Fugitive Emissions from Fuels, CO2 Transport and Storage, Memo Items)
09:45 – 10:00	Sectoral training: Industrial Processes and Product Use (IPPU)
10:00 – 10:30	Sectoral training: Industrial Processes and Product Use (IPPU – F-Gases)
10:30 – 10:45	<i>Comfort Break</i>
10:45 – 12:00	Sectoral training: Agriculture, Waste
12:00 – 13:00	<i>Lunch Break</i>
13:00 – 13:45	Sectoral training: Land-Use, Land-Use Change and Forestry (LULUCF)
13:45 – 15:15	Sectoral training: KP LULUCF tables
15:15 – 17:00	Q&A session
17:00	End of the Workshop
